Dear Ashton,

On behalf of WITHON9, Inc., I would like to express our sincere appreciation for your leadership in coordinating the donation of Braille and accessible educational books to Orange County United Way.

Through InnoYouth, you took the initiative to identify a community partner, communicate with the receiving organization, and help arrange for the books to be placed where they could support students and families across Orange County. Your professionalism, persistence, and commitment to accessibility helped turn this donation into a meaningful community effort.

We are grateful for your partnership and commend your dedication to expanding access to inclusive educational resources. Thank you for representing InnoYouth with maturity and for helping WITHON9, Inc. contribute to the community in a thoughtful and practical way.

Sincerely,
